Thanks, Vince. Is that fiscal year or calendar year? I noticed that it has 2019 for SMBNEP, but I'm hoping you will look at it sooner than that. Right now they are aiming to have the report approved by their governing board next August. Tom mentioned yesterday that they will focus on content over the coming year and then perhaps a more user-friendly colorful version in 2019.

Here is the transcript from last year's meeting. Let me know if you have any questions on this. Hopefully it's helpful as you draft your presentation.

When you get a moment, can you call me sometime today or next week before you leave, mainly to get your insights on things and where HQ can help you move the process along with the BRP revision.

Vince, thanks for getting back to me. Can you share her talking points?

Hey I talked with Nancy and she has nothing. She had talking points developed for the NEP workshop last year but nothing referencing the Guidance per se. So I'm afraid you may be the first one out of the gate on developing a presentation on this.

Subject: SMBRC Executive Committee Meeting Package (7/20/2017)

Dear EC members,

Attached for your preview are materials staff will present at the EC meeting this Thursday. The attached Power Point presentation related to Agenda item 3a(i) is a revised version of the presentation that Mr. Ford made at the last Governing Board meeting, which was subsequently posted on the SMBRC website. The timeline flow chart, also attached, was developed to help demonstrate the BRP revision process described in the Power Point presentation. Staff will also bring copies of the current BRP to the meeting. Meanwhile, the current (2013) BRP is also available for viewing and downloading at http://www.smbrc.ca.gov/about_us/snbr_plan/docs/snbrplan2013_adopted.pdf

If you haven't done so, please RSVP your attendance to Dr. Guangyu Wang at your earliest convenience at guangyu.wang@waterboards.ca.gov or 213-576-6639. Thank you and see you Thursday.
